## K. DEFINITION OF A 2 ${ }^{\text {ND }}$ XI PLAYER

The Dowdall Cup was conceived as a competition to encourage those boys too old for the Richardson Cup and not good enough for the $1^{\text {st }}$ XIs to "have their day in the sun" and to encourage them, perhaps thereby to continue to play the sport on leaving school.
There is no restriction on a school which prevents them from playing their best $1^{\text {st }} \mathrm{XI}$ in any competition - however cognisance must be taken of the Ulster Hockey Union ruling which prevents those U15 playing against adults. Schools' matches often contain "Adult" players.
(1) A $2^{\text {nd }} \mathrm{XI}$ player should not be a member of a School's normal starting $1^{\text {st }} \mathrm{XI}$.

In exceptional circumstances a school might be required by Ulster Hockey to nominate their $1^{\text {st }} \mathrm{XI}$ players.
(2) A $2^{\text {nd }}$ XI player is too old to play in the Richardson Cup. In exceptional circumstances, a Form 5 / Year 12 pupil may be young enough to play in the Richardson Cup. A School may apply before the start of the season for permission to play such a Form 5 / Year 12 pupil in both the Dowdall Cup, or Prior Shield, and Richardson Cup. However, rule $\{\mathrm{E}(\mathrm{a})\}$ must be adhered to.

## L. ELIGIBLE SCHOOL HOCKEY PLAYERS

a. Pupils must have been in continuous Secondary education to be eligible to play in Schools' Competitions. The School may apply to Ulster Hockey for special consideration of a pupil who has left school but subsequently returns.
b. No player who has played in an U18 Inter-Provincial team should be allowed to play in the Prior Shield or Dowdall Cup, without the permission of Ulster Hockey.
M. SCHOOLS ENTERING MORE THAN ONE TEAM IN THE RICHARDSON AND FERRIS

A school entering more than one team in the Ferris or Richardson Cups must ensure that it does not play, on the "B" or "C" team, any boy eligible to play in a younger competition unless it has obtained the express permission of Ulster Hockey.

## N. REGULATIONS FOR ANY $2^{\text {nd }}$ XI TEAM PLAYING IN THE McCULLOUGH CUP

a. The $1^{\text {st }} \mathrm{XI}$ team must name 14 players.
b. The $2^{\text {nd }}$ XI team must name 14 different players.
c. All other players may act as substitutes for the $1^{\text {st }} \mathrm{XI}$ or the $2^{\text {nd }} \mathrm{XI}$.
d. In event of serious injury then the school must contact Ulster Hockey for permission to amend the nominations.

## O. WITHDRAWING FROM A COMPETITION

Any team which withdraws from a main competition will automatically be withdrawn from the Plate for that competition if it exists

## P. REMOVAL OF A GOALKEEPER

The tactical removal of a goalkeeper, to be replaced by an outfield player, is permitted but advised against from Ulster Hockey during any schoolboy competitive match. This rule has been introduced with health and safety in mind and in the interests of all boys playing hockey.

## Q. FEES

## T. SHOOT-OUT COMPETITIONS

## Rules for Shootout Competition - Taken from Hockey Ireland Cup Competition Rules \& Regulations 2019/20

1. A shootout competition is used to determine the winning team for drawn matches. The following, from Appendix 11 of the FIH Tournament Regulations, is provided here for ease of access and for clarification of roles.
2. For cup matches where there is no Technical Official appointed, all reference to the Technical Delegate shall be replaced by the umpires.
3. Where there is no Technical Official appointed, the home club must provide an appropriate person to act as timekeeper in support of and under the supervision of the umpires. The away club may provide an appropriate person to monitor the time keeping.

## SHOOT-OUT COMPETITION

In a shoot-out competition, five players from each team take a one-on-one shoot-out alternately against a defender from the other team as set out in this Regulation. The shoot-out competition comprises all series of shoot-outs required to determine a result.

The following sets out both the playing Rules and the procedures to be followed.

1. If the shoot-out competition takes place after the end of a match, the first shoot-out should take place within four (4) minutes of the end of regulation playing time.
2. The respective Team Managers provide five players to take and one player to defend the shoot-outs from those on the Match Report except as excluded below. A player nominated to defend the shootouts can also be nominated to take a shoot-out. No substitutions / replacements are permitted during the shoot-out competition other than as specified below.
3. A player who is still serving a disciplinary suspension by the Technical Delegate at the time the shoot-out competition takes place or has been excluded permanently (red card) during the match which leads to the shoot-out competition, cannot take part in that shoot-out competition. A player who has been warned (green card) or temporarily suspended (yellow card) may take part in the shout-out competition even if the period of their suspension has not been completed at the end of the match.
4. The Technical Delegate will specify the method of timing shoot-outs taking account of the facilities available and the need to control time accurately.
5. The Technical Delegate will specify the goal to be used.
6. A coin is tossed; the team which wins the toss has the choice to take or defend the first shoot-out.
7. All persons listed on the Match Report other than any player who has been excluded permanently (red card) during the match which leads to the shoot-out competition are permitted to enter the field of play outside the 23 m area used for the shoot-out but must be at least 10 metres from the spot where the ball is placed at the start of the shoot-out.
8. The goalkeeper / defending player of the team taking a shoot-out shall wait on the back-line outside the circle.
9. A player taking or defending a shoot-out may enter the 23 m area for that purpose.
10. Players taking a shoot-out and also defending the shoot-outs taken by opponents are allowed reasonable time to take off their protective equipment to take their shoot-out and subsequently to put back on their protective equipment.
11. Five players from each team take a shoot-out alternately against the goalkeeper / defending player of the other team making a total of 10 shoot-outs.
12. Taking a shoot-out:
a) the goalkeeper / defending player starts on or behind the goal-line between the goal posts;
b) the ball is placed on the nearest 23 m line opposite the centre of the goal;
c) an attacker stands outside the 23 m area near the ball;
d) the Umpire blows the whistle to start time;
e) an official at the technical table starts the clock;
f) the attacker and the goalkeeper / defending player may then move in any direction;
g) the shoot-out is completed when:
i) 8 seconds has elapsed since the starting signal;
ii) a goal is scored;
iii) the attacker commits an offence;
iv) the goalkeeper / defending player commits an unintentional offence inside or outside the circle in which case the shoot-out is re-taken by the same player against the same goalkeeper/defending player;
v) the goalkeeper / defending player commits an intentional offence inside or outside the circle, in which case a penalty stroke is awarded and taken;
vi) the ball goes out of play over the back-line or side-line; this includes the goalkeeper / defending player intentionally playing the ball over the back-line.
13. If a penalty stroke is awarded as specified above, it can be taken and defended by any eligible player on the Match Report subject to the provisions of Articles 17, 18 and 19 of this Appendix.
14. The team scoring the most goals (or ahead by more goals than the other team has untaken shoot-outs available) is the winner.
15. A player may be suspended by a yellow or red card but not by a green card during the shoot-out competition.
16. If during a shoot-out competition (including during any penalty stroke which is awarded) a player is suspended by a yellow or red card:
a) that player takes no further part in that shoot-out competition and, unless a goalkeeper / defending player, cannot be replaced;
b) the replacement for a suspended goalkeeper / defending player can only come from the five players of that team nominated to take part in the shoot-out competition:
i) the replacement goalkeeper / defending player is allowed reasonable time to put on protective equipment similar to that which the goalkeeper/defending player they are replacing was wearing;
ii) for taking their own shoot-out, this player is allowed reasonable time to take off their protective equipment to take their shoot-out and subsequently to put it on again.
c) any shoot-out due to be taken by a suspended player is forfeited; any goals scored by this player before being suspended count as a goal.
17. If during a shoot-out competition, a defending goalkeeper / defending player is incapacitated:
a) that goalkeeper / defending player may be replaced by another player from among the players listed on the Match Report for that particular match, except as excluded in this Appendix or unless suspended by an Umpire during the shoot-out competition;

ii) if this replacement is also nominated to take a shoot-out, this player is allowed reasonable time to take off their protective equipment to take their shoot-out and subsequently to put it on again.
18. If during a shoot-out competition, an attacker is incapacitated, that attacker may be replaced by another player from among the players listed on the Match Report for that particular match, except as excluded above or unless suspended by an Umpire during the shoot-out competition.
19. If an equal number of goals are scored after each team has taken five shoot-outs:
a. a second series of five shoot-outs is taken with the same players, subject to the conditions specified in this Appendix;
b. the sequence in which the attackers take the shoot-outs need not be the same as in the first series;
c the team whose player took the first shoot-out in a series defends the first shoot-out of the next series;
d when one team has scored or been awarded one more goal than the opposing team after each team has taken the same number of shoot-outs, not necessarily being all five shoot- outs, that team is the winner.
20. If an equal number of goals are scored after a second series of five shoot-outs, additional series of shoot- outs are taken with the same players subject to the conditions specified in this Appendix:
a) the sequence in which the attackers take the shoot-outs need not be the same in any subsequent series;
b) the team which starts each shoot-out series alternates for each series.
21. Unless varied by this Appendix, the Rules of Hockey apply during a shoot-out.
